Gordon Arber

Full Stack Engineer

gordon.arber@gmail.com

ABOUT ME

From the moment I debugged my first syntax error, I knew that I wanted to further pursue the world of software engineering. Engineering started as a backend interest for me but has quickly developed into a full stack passion.

WORK EXPERIENCE

Crosstown Alliance, Wellsville, NY & Remote — *Media Director*

JULY 2015 - JULY 2020

Designed & maintained a complex WordPress website for 4 partnered churches with HTML & CSS & occasional Javascript. Implemented, installed, & administered Rock RMS through Microsoft Azure built on an SQL Server.

Stauffer Biscuit Company, Cuba, NY — *Supervisor*

MARCH 2008 - JUNE 2015

Twice formally recognized for promotion ahead of schedule. Assigned to a special supervisory track & received comprehensive leadership training. Managed a team of 30 full–time & temporary employees. Worked in a complex environment while meeting production quality & deadlines.

APPLICABLE EDUCATION

University of Advancing Technology, Remote— *Course Auditor*
